Ref:- Board's Ref.W.11056/49-1 dated 21-12-49.

The work in Sandur office has been distribute among the Taluk Head Accountant and three Upper division clerks and all of them have to face with new problems, work the Sandur laws and regulations to be in conformity with our standards also. Besides, they have also to supervise the work of the state staff, who are all new to the system of office routine followed now and be of guidance to the Special Officer, Sandur. The work itself is arduous in as much as, the state of affairs existing in Sandur is rather much below the reasonable standard of efficiency. Hence, the work of the third upper division clerk in Sandur is no less arduous than that of the other two upper division clerks. The Special Officer Sandur has also reported to me that the third upper division clerk also is working under the same circumstances as others and recommended the grant of a special pay similar to that of the other upper division clerks in his office.

As regards the Head clerk in my office (Deputy Tahsildar) besides supervising the Sandur section, he has also been dealing with important and difficult matters like the question about the Inam Settlement of Sandur, the reorganisation of the State department, the land revenue system of the state, the absorption proposals of the state staff, the scrutiny of several bills for advances taken by the ex. state officials and the like. These problems require great attention, promptitude and a quick understanding of the importance and the arduous nature of the work were responsible for my asking for a section head of the Deputy Tahsildar's cadre. He is of much use to me in the several matters connected with erstwhile state and I consider that his work is even more arduous than that of the Upper division clerks.

The lower division clerk in my office also deals with many difficult miscellaneous problems, which are mostly governed by the state rules and as in other cases, he has to study the laws and work them out. The urgency in many of the cases also is a matter to be taken into account, and I consider that the nature of the work turned by him is also arduous when compared to the work turned by other Lower division clerks in my office.

I may add that till the state is wholly

reorganised and brought on a par with the other part of the district, the work involved is of a difficult and onerous nature and one has to deal with altogether a new way of administration, adopting measure at the same time for bringing it on a par with the rest of the district.

In the circumstances stated above, I consider that the work of third upper division clerk in Sandur office, the Huzur Head Clerk and the Lower division clerk in my office is equally arduous in nature and that the reasons given for grant of a special pay to the clerks who have been already granted the Special pay, hold good in their case also. I therefore recommend that their case may be favourably considered and orders communicated to me at an early date.
